

# MAC ANNUAL REVIEW PREP 2017

## GOAL: PREPARE TO DEVELOP NEXT YEAR'S IEP

### **A** Annual:

Your review of the current IEP at least once a year, often on the date of last year's meeting. Schedule the meeting before the end of the present school year so as to address next year's needs.

### **R** Review:

1. All current goals, objectives and related services in your child's 2016-2017 IEP. Were they achieved?
2. Never talk placement until reviewing/agreeing on next year's IEP.
3. Is there agreement between you and the school about your child's functional, developmental and academic levels of functioning?
4. If there is disagreement, how will you work it out?
5. What is your child's opinion about school, both the best and the worst?
